

# PEDALING CHANGE

## THE RIPON VELOURUTION PROJECT PLEDGE

I, \_\_\_\_\_, hereby pledge to do my  
print name  
 part to ease traffic congestion, limit fuel consumption and reduce pollution  
 by not keeping a car or other motorized vehicle at Ripon College during the  
 entirety of my first year, from August 26, 2009 through May 12, 2010. In  
 exchange for this pledge, I accept the bicycle given to me by the College and  
 will use it as my sole means of wheeled transportation on campus and within  
 the Ripon community.

I understand that ownership of the bicycle will be transferred fully to me upon my fulfillment of this pledge, and that I bear full responsibility for its safe operation and routine maintenance from this day forward. I understand that any violation of this pledge agreement is a direct infraction of the Ripon College Honor Code and may therefore be subject to disciplinary action under that Code. I further understand that there may be tax implications based on my 2009 income and tax filing status. I agree to hold harmless and indemnify Ripon College and the Ripon College Velorution Project from any and all liability arising from possession or use of the bicycle as outlined in this agreement. Ripon College and the Ripon College Velorution Project are not responsible for any injury or damages related to possession or use of the bicycle and its related equipment. I understand that by participating in this program, I am using the bicycle and equipment at my own risk.
